

DEATH OF ANDREW J. SMITH

Lived in Missouri More Than 80 Years
—18 Years in This County.

Uncle Andy Smith died at his farm home, three miles east of Jasper, Saturday night, April 21, after an illness of several days. His age was 82 years, 4 months and 21 days. The funeral was held Tuesday afternoon at the Christian Church, conducted by Rev. E. H. Sapp of the M. E. Church. Burial was given in the Brethren Cemetery on the base line. The quartette furnishing the music was Mrs. Allen Peterson, Mrs. Ollie Roberts, Rev. E. H. Sapp and A. Mendel Drake. Mrs. L. T. McCune was at the piano.

Andrew Jackson Smith was born December 3, 1837, in McMin County, Tenn., and came to Dade County, Mo., with his parents, Dixon and Susan Smith, at the age of 2 years, his father having settled on a claim near Dadeville. Two years later his father died leaving him a lad of 4 years.

He lived with his widowed mother until February 15, 1859, when he was married to Elvira Divine, and lived with her until his death, April 21, 1920. Nine children were born to this happy union, who all survive except the oldest daughter, Salina Leeper. The surviving children are—Ozina Moore of Joplin; Marshall Smith, Cardin, Okla.; Alfred Smith of Jasper; Susan Hanley, Wichita, Kans.; Robert Smith, Jasper; Bertha Carr of Fletcher, Okla.; Eva Hagen of Jasper; Ella Duncan of Graham, Texas, and a number of grandchildren whom he dearly loved.

When the Civil War broke out he enlisted on the Union side, serving three years, and after peace was declared he took up farming in which he was very successful. Mineral was developed on his land which was very valuable, known as the Corry lead mines.

After selling the mines he bought a farm in 1902 in Jasper County, living on this farm at the time of his death. He was a faithful and devoted member

of the Christian Church, never being too busy to help his fellow man in time of need, with his time or money. Mr. Smith was a man of honesty and integrity, loved and respected by his friends and neighbors for his kindly and generous nature. He was a good neighbor and a loyal friend.

M. E. Church Notes.

There were 123 present at Sunday School Sunday, 21 at Junior League and 48 at Epworth League. Both preaching services were well attended. At the morning services Dr. Crisman of Carthage filled the pulpit in behalf of the Inter-Church World Movement using as his text Ps. 60:4.

The attendance contest in the Epworth League closed Sunday night with Mrs. Dora Bayne's side victorious. The losers, of which Miss Captola Cave-nee is captain, will entertain the winners in the near future.

There will be no prayer services this week on account of the revival services at the M. E. Church, South. Our people are urged to attend these meetings and help in every way possible to make them a success.

A union service will be held Sunday night, the M. E. Church, South, congregation coming to our church and the service to be in charge of the evangelist, Rev. H. H. Hays. A lively song service will precede the sermon.

Beginning next Sunday, Junior League will begin at 8:00 p. m., Epworth League at 7:00 and church services at 8:00.

Snails make good barometers. When the snail crawls in the open weather will be fair, but when the snail takes to cover under a twig or a clump of grass rain will come.

Farmer's Meeting.

A farmers meeting will be held at Jasper, Monday, May 10, at the Liberty Theater.

Every farmer in Jasper county realizes that the farmer should have an organization through which they could have a voice in the marketing of their products. The Farm Clubs are such an organization. They have made the members millions of dollars during the past year—that is why it has grown to be the largest organization of farmers known to Missouri.

If you are interested in securing a better market for your products come to this meeting and hear a discussion of the great Farm Club movement. Every county in this part of the state is rapidly coming into line. Jasper should be next.

Why So Many Prefer The Brunswick

THE Brunswick Method of Reproduction is the wonder of the phonographic art. And it wins acclaim from two principal ideas: The Ultona and The Brunswick Tone Amplifier.

The Ultona is an exclusive invention, an all-record player to be had only on The Brunswick. It plays all makes of records as they should be played—with the proper needle and the precise weight—and with the proper diaphragm.

The Brunswick Tone Amplifier is built entirely of wood, according to a new process. In this "Throat" of the phonograph all metal is discarded. This brings purity and volume of tone. There is an absence of the usual metallic sounds. You've never heard any record at its best until it is played on The Brunswick.

A tone test at a Brunswick shop is conclusive evidence. Your ear is a quick judge.

Your admiration for this superior phonograph will compel you to award The Brunswick first place. Come in today. Your judgment is final.

A Year's Abuse In 7 Days

All Light Car Road Records Smashed

At Indianapolis recently an Overland 4 stock car was driven 5,452 miles continuously in seven days and nights, over frozen country roads.

This is an average of 778 miles per day—more than the distance between Toledo and New York City. This is another tribute to the cushioning effect of Triplex Springs and the quality of material in Overland 4.
